INFORMATION KIT

# Welcome to the international sustainability & energy efficiency Summit 2025

---

The Building Designers Association of Australia, in collaboration with our presenting partners, proudly announces the inaugural Virtual Sustainability and Energy Efficiency Summit.

Join us online on March 24 & 25 for two transformative days of learning, innovation, and collaboration. Our summit brings together leaders and innovators from Australia, and across the globe to explore actionable solutions for sustainability and energy efficiency that will both impact and improve your design solutions.

Featuring evidence-based sessions, interactive workshops, product launches, research insights, and industry-leading manufacturers, the event focuses on providing practical, accessible strategies for you, your business, and the broader industry.

Earn up to 18 CPD points while engaging in collaborative discussions and actionable solutions. Ticket packages include 2-Day, VIP, Student, and Group options.

We look forward to welcoming you as part of this groundbreaking event—be part of the conversation, and together, let's drive, learn from, and implement positive change.

STREAMED LIVE  
INTERNATIONALLY

At the Building Designers Association of Australia (BDAA), we are committed to elevating the building design and thermal performance professions through a unified focus on advocacy, education, and professional excellence. Our mission is simple: “To empower and inspire our members through cutting-edge education, proactive advocacy, and a steadfast commitment to design excellence.”

We champion a forward-thinking community dedicated to creating sustainable, and high-quality built environments across Australia.

Recognised as Australia’s Leading National Peak Body for building design and thermal performance professionals, the BDAA is proud to hold the title of Australia’s No. 1 Trusted Association. This prestigious recognition reflects our unwavering dedication to our members’ growth and success and our influence on the industry’s future.

Through equipping our members with the tools, resources, and opportunities they need to thrive, we aim to collectively lead the industry toward a more sustainable and prosperous future for all Australians.

Together, we are shaping a better-built environment.

## about the bdAA

**OUR MISSION:  
TO SUPPORT AND INSPIRE MEMBERSHIP THROUGH EDUCATION,  
ADVOCACY & DESIGN EXCELLENCE.**

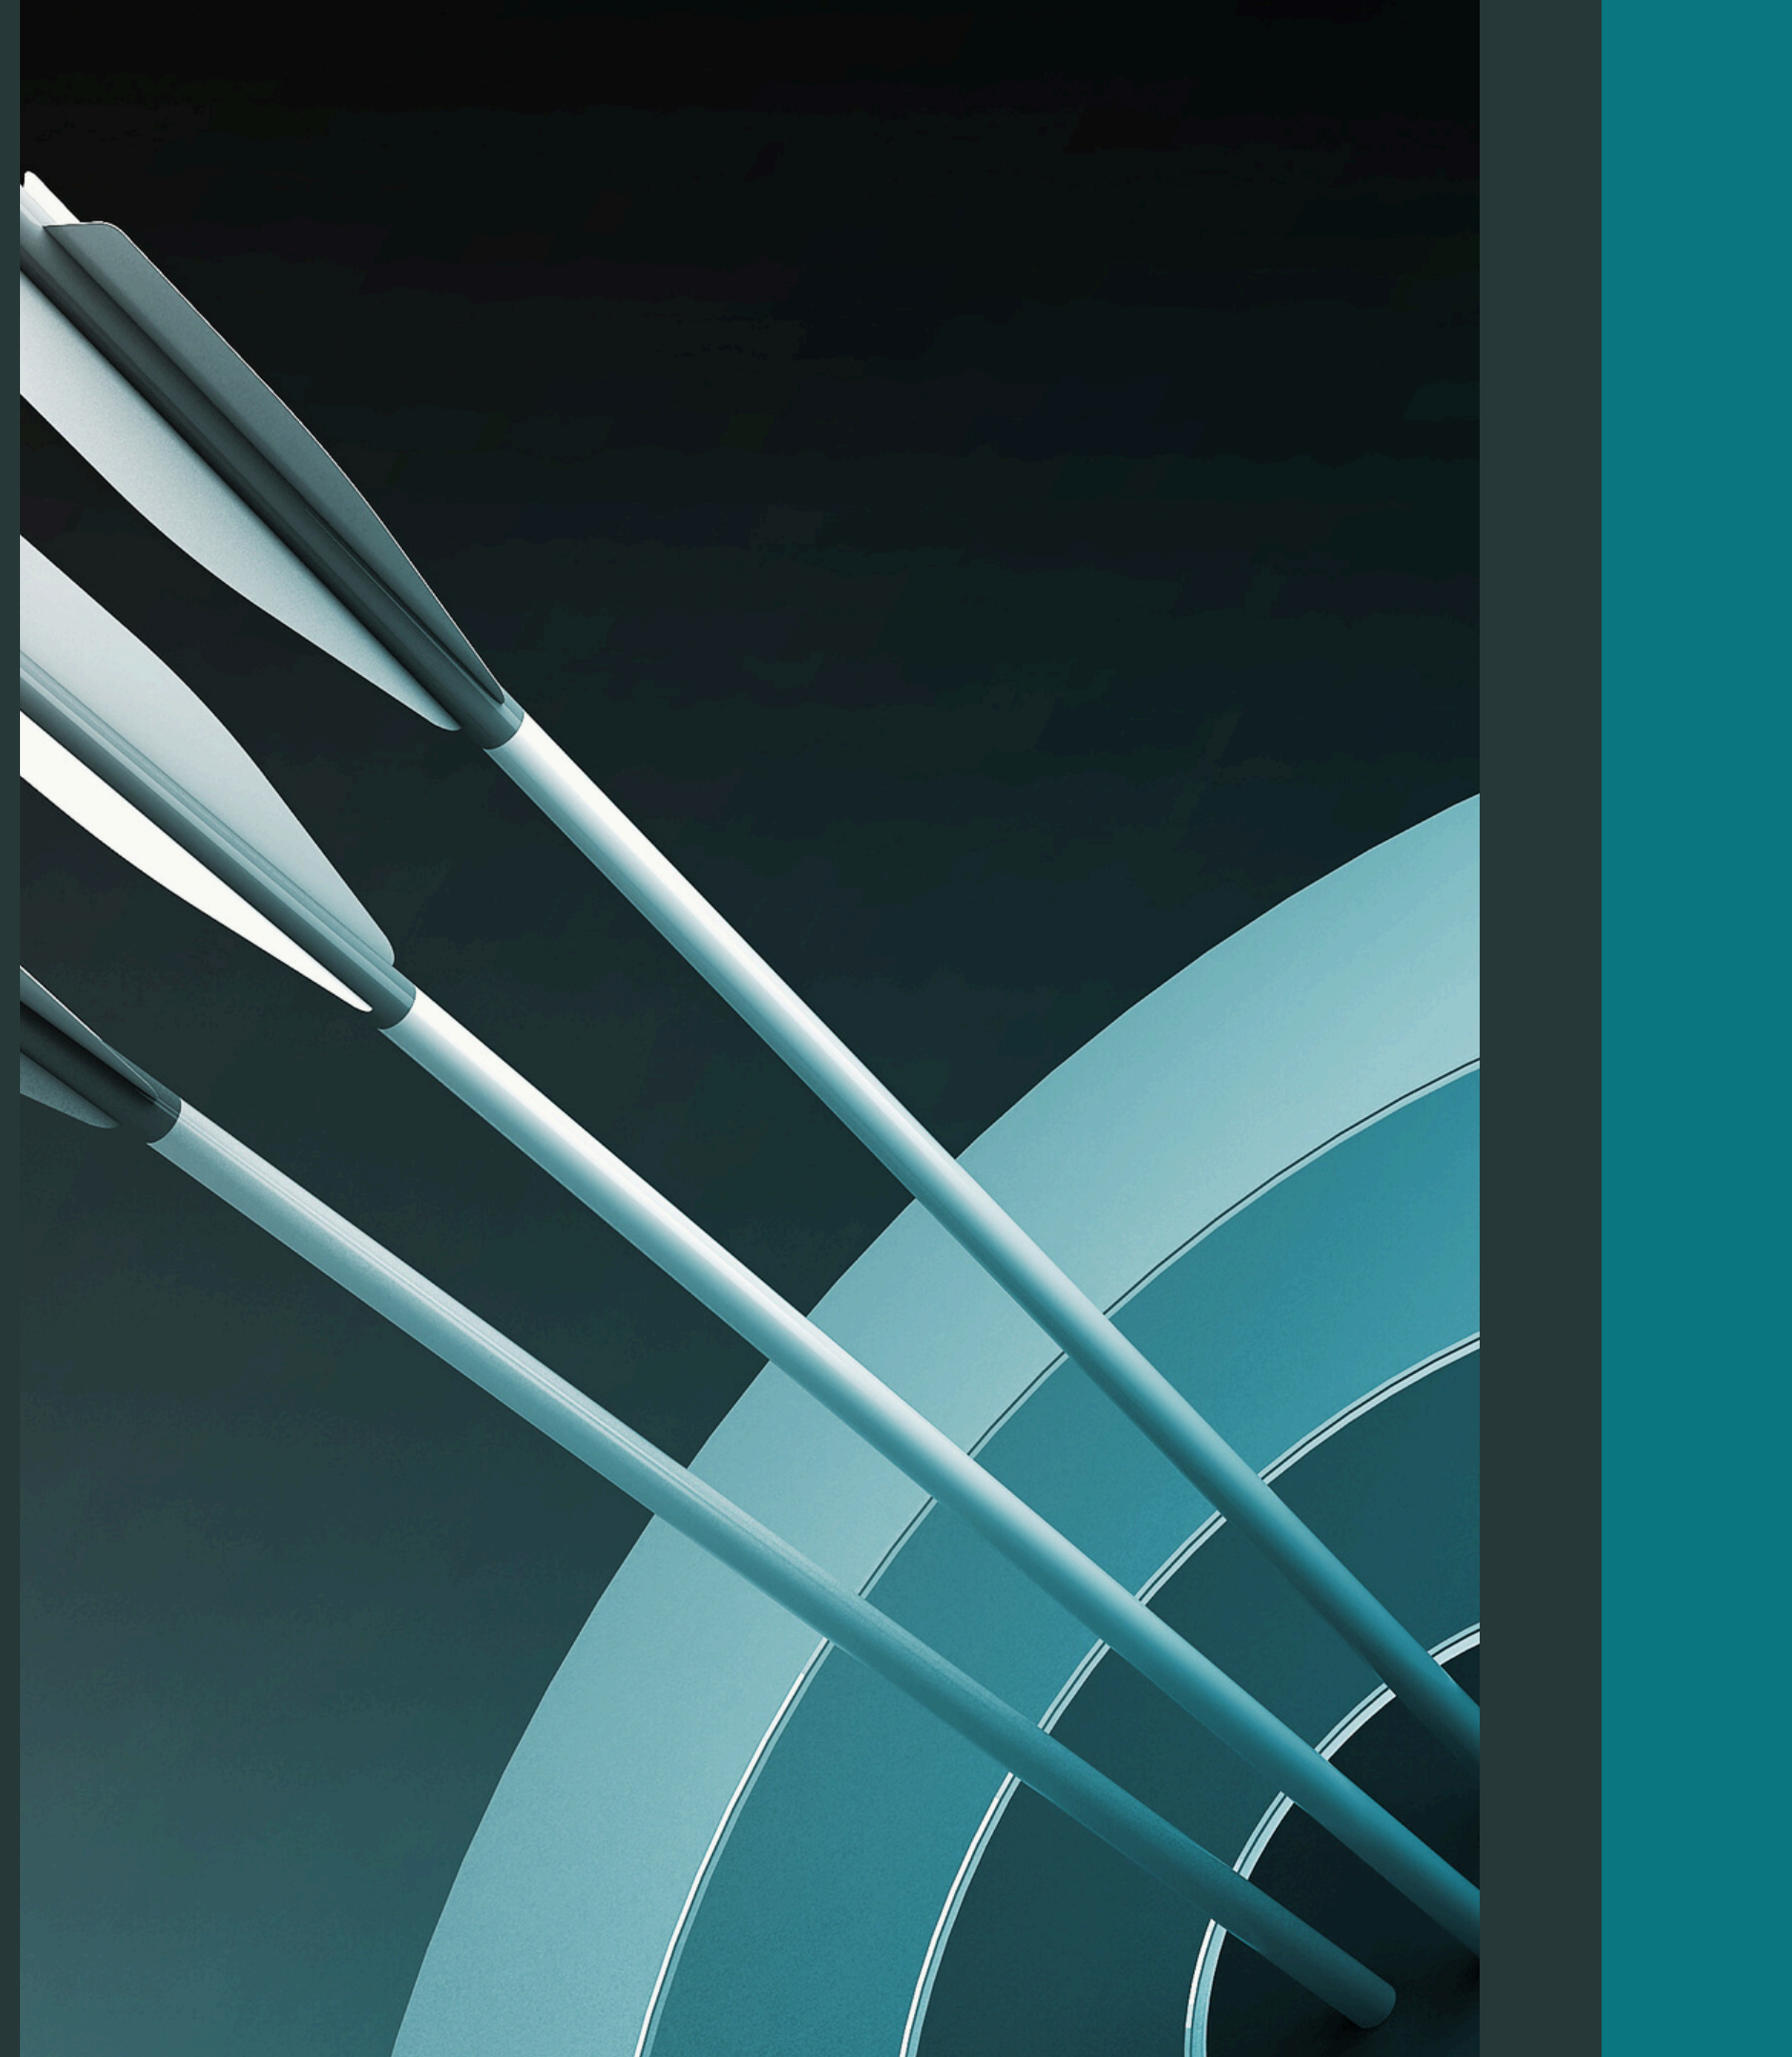

# our target audience

A summit designed via content, outcomes & engagement for **ALL** professionals across our industry.

- Building Designers
- Thermal Performance Assessors
- Architects
- Exterior Designers
- Commercial Designers
- Residential Designers
- Urban Planners
- Landscape Designers
- Interior Designers
- Conservation Designers
- Construction Management
- Student Designers
- Project Managers
- Production Designers
- Product Manufacturers
- Retailers

# summit '25 : deliverables & outcomes

- ✓ Collaborative direction designed for your business outcomes
- ✓ Business/manufacturer solutions & networking
- ✓ Evidence-based practical implementation solutions
- ✓ Local and international best practice case studies
- ✓ CPD points & individual energy efficiency assessment
- ✓ An open discussion via a solutions driven agenda across industry leaders and colleagues
- ✓ Product engagement and sales conversion

# summit '25 : agenda breakdown

## a massive 2-day online international event agenda

18 keynote sessions from local and global leaders

8 Breakout Workshop Sessions with CPD accreditation

Online Product Stores and Virtual Tours with exclusive Summit product launches and attendee discount codes.

14 BONUS downloadable webinars

18 Formal CPD Points Available

3 Panel Discussions featuring local building design leaders

Evidence Based Solutions and Case Studies from International and Local Thought-Leaders and Innovators

Energy & Efficiency Solutions

FREE resources library including : 2025 Sustainability Reports/whitepapers, spec sheets, articles, videos from global leaders [over 250 resources]

Summit Online Bookshop with over 600 Titles

Open Community Discussion Portal for Registrants

BDAA hosted follow-up Q&A Sessions

"Find a Member/Find A Service" Directory

Student Portal with curated resources and discussion

BDAA "Green Cert": Energy Efficiency Certification for Business and Traders

Media Centre with post keynote speaker session Q&A's and online press conferences

# summit '25 : what we will be covering

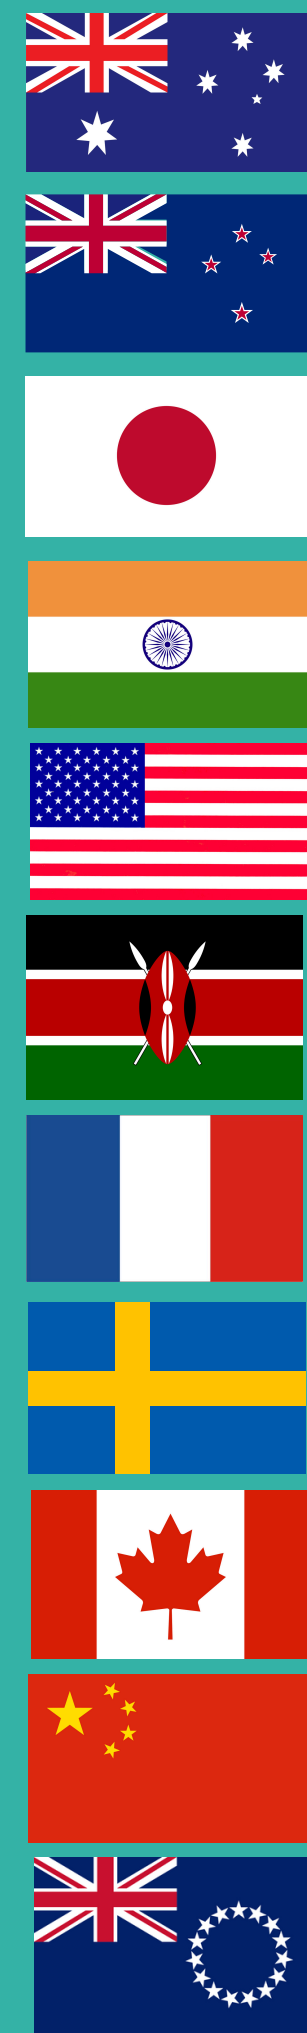

## discussion, solutions, conversion, implementation

### agenda topics

-  Decarbonisation of Power
-  Smart Design
-  Product Innovation + Product Launches
-  Cost Savings in Energy Efficient Design
-  Energy Management + Monitoring
-  Energy Recovery Ventilation
-  Evolving the Energy Grid
-  Insulation/Super Insulation
-  Solar Temporing
-  Solar Power
-  Global Green Tag
-  Designing for Country
-  Smart Glass/Smart Doors
-  Heating/Cooling Efficiency
-  Air Tightness
-  Energy Efficient Paint + Exteriors
-  Interior Climate Control
-  Bioclimatic Design
-  Roofing: Cool Roofs/Green Roofs/Roof Membranes
-  Insulated Concrete Forms
-  Water Efficiency and Systems
-  Building Automation Systems

FEATURING INTERNATIONAL THOUGHT- LEADERS  
FROM ACROSS 11 NATIONS

# Summit '25 allows our partners to have measurable conversations

engaging and working with influential KEY decision makers across our industry
